Ed,

Attached are copies of the files that Meredith just sent out to the group. Below is a draft email request asking Janet to process the package.

Janet,

Attached please find the draft OPP response to the revised OIG draft Report on Pesticide Registrations (Project No. OPE-FY16-0027). As you know, the OIG granted an extension on this package until October 7, 2019.

The attachment contains:

- A draft response memo for Alex's signature
- 3 attachments
  - an OPP timeline for the OIG Audit OPE-16-0027
  - a Thiamethoxam file
  - a Sulfoxaflor file

For reference – below is a copy of the incoming email on the revised OIG report and attached is the email from Kevin Christensen granting the OCSPP extension request for the response to the report.

I recognize that we have one week to get Alex's approval and signature on this document. I ask for your assistance scheduling this topic for the general we have with Alex on Wednesday, October 2 (?). Alternatively, maybe we can get a 30-minute meeting with Alex and the appropriate DAAs this week so we can expeditiously answer any questions or concerns OCSPP may have.

Thanks for your help.

Signature

Ed
